

A nonprofit organization founded in 1932,
Assistance League® of Pomona Valley, a chapter of National Assistance League®,
funds the following philanthropies:

Dental Center provides dental care to children referred by the Pomona and Claremont Unified School Districts. These children come from low-income, working families who receive no public assistance and have no dental insurance. Assistance League of Pomona Valley has provided over 24,000 dental treatments for children in need of critical care.

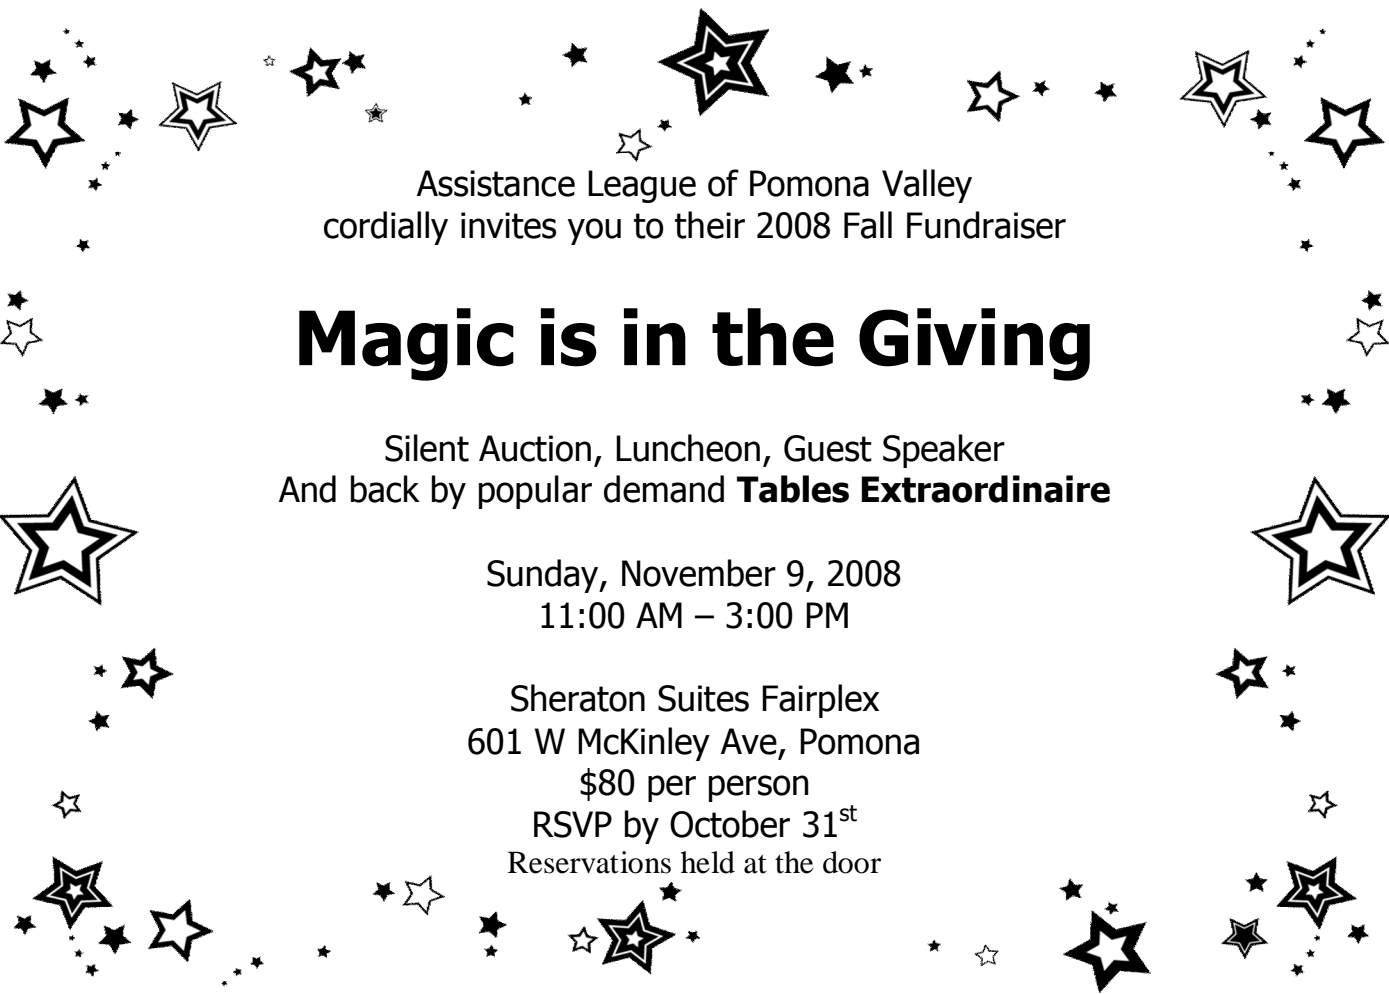

Operation School Bell® provides necessary new clothing items for children referred by the School Districts. Last year over 1,200 children were clothed.

Community Closet clothes families in need and people re-entering the work force.

Assault Survivor Kits® assembled by Les Fleurs Auxiliary are distributed to assault victims through Project Sister.

Cubs For Kids Les Fleurs Auxiliary provides Inland Valley Policemen and Firemen with stuffed bears to be given to traumatized children.

Members of Assistance League of Pomona Valley wish to
thank the community for its support of their projects.

Assistance League of Pomona Valley
